

CLUB

Who:

5th, 6th, 7th, & 8th grade St. Charles students who excel at math and science and have a desire to work beyond concepts in the St. Charles curriculum

What:

STEM is fun and exciting and can be found all around us! This year we plan to focus on math, science, and engineering projects, providing hands-on fun and learning about real-world scenarios and challenges. Come join us and see where STEM might lead you.

When:

Saturday mornings from 9am to Noon for 5 weeks, running from February 15th through March 15th

Cost:

\$40 per student

Where:

St. Charles Borromeo School
